

A black cylindrical object, possibly a pen or a brush, is positioned vertically on the left side of the frame. It features a large, stylized red Chinese character '福' (Fú) on its side. At the top of the cylinder, a bundle of red sticks or threads is visible. In the background, a golden rat figurine is partially visible, rendered in a soft, out-of-focus style. The overall composition is set against a light, warm-toned background.
